Synopsis

You're not alone! Most people look at a crowded crap table (dice table) in the casino -especially, when they hear some happy hollering and laughing and wish they knew how to join the fun. But, they're unfamiliar with the game and it looks so complicated; so, they just walk on off. They're thinking wish I knew how to play that. Boy, it sure sounds like those folks are having fun. Or, they see one when it's near empty wonder why the casino has such a big table with so little activity. STOP, Listen and learn! With over 25 years of experience, I'll teach you in less than 30 minutes how to understand the game and play to win! You'll even learn how to get paid the most odds money on your bets - something many who have played for years don't understand! I'll show you how to tell whether the table is hot or cold and how to make money either way! Yes, you can make money on a hot table or on a cold table. It doesn't matter as long as you know which side to play and I'll teach you that! You don't even have to throw the dice - unless you want to - and when you start raking in the money - You'll really want to throw the dice!. Come on - join the winners now!
