A PEOPLE WHO WOULD NOT KNEEL: Panama, The United States, And The San Blas Kuna (Smithsonian Series In Ethnographic Inquiry)

Synopsis

As they expanded, most nations in the Western Hemisphere relegated indigenous peoples to the lowest social levels, stealing their land, diminishing their populations, exploiting their labor, and flattening their cultures. Few have gone quietly, but one group, the San Blas Kuna of Panama, set their own terms. Anthropologist James Howe tells their story. 39 photos.

Customer Reviews

This is a well researched and well written book about my tribe. Many people think that every indigenous group in the Americas were brutally conquered. While this is generally true, "A People Who Would Not Kneel" documents how the Kuna of Panama were able to avoid that fate. It is loaded with archival photos and is aimed towards the layperson. I won't disclose the causes of how the Kuna were able to maintain a degree of independence unrivaled in the Americas, other than to say that an American adventurer and a quirk of genetics were instrumental. Buy this book if you want to hear a story of tribal resistance, perseverance and hope.
