Women's Lives, Men's Laws

DOWNLOAD EBOOK
In the past twenty-five years, no one has been more instrumental than Catharine MacKinnon in making equal rights real for women. As Peter Jennings once put it, more than anyone else in legal studies, she "has made it easier for other women to seek justice." This collection, the first since MacKinnon's celebrated Feminism Unmodified appeared in 1987, brings together previously uncollected and unpublished work in the national arena from 1980 to the present, defining her clear, coherent, consistent approach to reframing the law of men on the basis of the lives of women. By making visible the deep gender bias of existing law, MacKinnon has recast legal debate and action on issues of sex discrimination, sexual abuse, prostitution, pornography, and racism. The essays in this volume document and illuminate some of the momentous and ongoing changes to which this work contributes; the recognition of sexual harassment, rape, and battering as claims for sexual discrimination; the redefinition of rape in terms of women's actual experience of sexual violation; and the reframing of the pornography debate around harm rather than morality. The perspectives in these essays have played an essential part in changing American law and remain fundamental to the project of building a sex-equal future.

Customer Reviews
Incredible, very feminist and radical but very good points, if you understand the women's movement you will celebrate the ideas in this book. Is clear, easy and go very deep in some issues.

MacKinnon is a feminist icon for a reason. She writes persuasively and her logic is impeccable (I'm
sure some privileged white dudes would disagree, feel threatened by this book, and give it bad reviews, but hey.) This book is moderately advanced in terms of feminist theory, but not prohibitively difficult for beginners to understand.

yes, there is a war on women, and Mackinnon explains how it works, read it if you have the courage to face the truth. (many men spend a lot of time hating/trashing her on line because they cannot face their own truth)

The book was described as "like new" but it was actually brand new! It was covered and everything. Great transaction!
