The Torts Process, 8th Edition (Aspen Casebook)

Synopsis

Buy a new version of this Connected Casebook and receive ACCESS to the online e-book, practice questions from your favorite study aids, and an outline tool on CasebookConnect, the all in one learning solution for law school students. CasebookConnect offers you what you need most to be successful in your law school classes – portability, meaningful feedback, and greater efficiency. The Torts Process skillfully employs a problem approach that challenges students' understanding by exploring both theoretical and real-life situations. The clear, balanced presentation enables students to comprehend the overarching structure and organization of Tort law. The Eighth Edition has thoroughly reviewed and updated cases and secondary sources, with recent and compelling cases substituted throughout. The text now incorporates the finalized Restatement (Third) of Torts: Liability for Physical and Emotional Harm. Expanded coverage of Tort theory includes "corrective justice" and the related "civil recourse" school of thought, complementing the law and economic theory perspective that has been a feature of the book since its inception. Notes on legal ethics and law and economics are completely revised. Problems have been refreshed and many new problems have been added. New material on Global Dimensions of Tort Law in Chapter 15 reflects the fact that the Supreme Court may determine that companies whose gas emissions contribute to climate change may be held liable under the federal common law of public nuisance. New Supreme Court cases have been added in the areas of preemption and punitive damages, for example *Snyder v. Phelps*, concerning constitutional limitations on intentional infliction of emotional distress liability. In addition, the Eighth Edition discusses the BP Oil Spill Fund in the chapter on alternative compensation mechanisms. Customer Reviews

I bought this book brand new and it was advertised that was able to use the online casebook! They did not include the code for the price one would think they would get what they paid for!!! Very disappointed.

The book came and is in good condition though the spine is somewhat broken and it REEEEEEEAKS of cigarette smoke.

The substance of the book is great. I thought the book would be in better condition.
