Synopsis

Buy a new version of this Connected Casebook and receive ACCESS to the online e-book, practice questions from your favorite study aids, and an outline tool on CasebookConnect, the all in one learning solution for law school students. CasebookConnect offers you what you need most to be successful in your law school classes – portability, meaningful feedback, and greater efficiency. Cases, Problems, and Materials on Contracts is distinguished among other texts by its excellent organization and thorough coverage of the basic themes of contract law. The accessible, straightforward text begins with clear introduction to each section or concept. Carefully selected cases have been tightly edited for the best effect. Using an engaging problem-oriented approach, students learn contract doctrine by applying their knowledge to short, well-conceived hypotheticals. Offering a flexible organization, the book starts with “Offer and Acceptance” and moves on to “Consideration,” however, the book is designed so courses can easily start with “Consideration” or “Remedies.” Its flexibility allows for use in courses in which professors are required to teach sales, yet can also be adapted to avoid teaching the UCC. A manageable length accounts for the book being used in courses of 4, 5, and 6-hour length. The authors have worked closely on all chapters to deliver a seamless revision to this popular text.

Key Features of the New Edition: The seventh edition begins with a new chapter containing an expanded introduction to the study of contracts law. Every chapter now includes new introductory material. All chapters, with the exception of chapter one, end with an “Assessment” section, which consists of multiple choice questions and answers, designed to help the students review the material just learned.

CasebookConnect features: **ONLINE E-BOOK** Law school comes with a lot of reading, so access your enhanced e-book anytime, anywhere to keep up with your coursework. Highlight, take notes in the margins, and search the full text to quickly find coverage of legal topics.
