in the new peaceful paradise steve should end up on a beach with villagers thriving everywhere. Steve should see a recipe for a fishing rod and eventually he gets a water breathing potion and swims to atlantis where the "floating book thingy" is. BUT the place is swarmed with mobs. steve should acquire an iron chestplate and sword. he should get tipped arrows with poisen and instant damage. he should also get a healing potion. after heroicaly fighting the mobs, his loot should be: "1 diamond, 2 emeralds, 7 iron, 6 bones, a spawn wolf, diamond boots , and iron leggings.". After that the next book should be called "Glitches, bugs, and silverfish". use the dog as the glitch, spiders as bugs, and silverfish on bats. Yours truly, EmeraldModded.

so after almost dieing in a haunted house he now has to battle monsters in the snow/ice spikes world and he makes a new snowy friends there that helps him fight and push back any mobs that go near him and he finds a polar bear and he thinks it will attack him but its just another adventure in wimpy steves world! i hope you make a new book soon! but bye for now.-joshiewoshie12
