Shadow Divers: The True Adventure Of Two Americans Who Risked Everything To Solve One Of The Last Mysteries Of World War II
Synopsis

In the tradition of Jon Krakauer’s Into Thin Air and Sebastian Junger’s The Perfect Storm comes a true tale of riveting adventure in which two weekend scuba divers risk everything to solve a great historical mystery “and make history themselves. For John Chatterton and Richie Kohler, deep wreck diving was more than a sport. Testing themselves against treacherous currents, braving depths that induced hallucinatory effects, navigating through wreckage as perilous as a minefield, they pushed themselves to their limits and beyond, brushing against death more than once in the rusting hulks of sunken ships. But in the fall of 1991, not even these courageous divers were prepared for what they found 230 feet below the surface, in the frigid Atlantic waters sixty miles off the coast of New Jersey: a World War II German U-boat, its ruined interior a macabre wasteland of twisted metal, tangled wires, and human bones “all buried under decades of accumulated sediment. No identifying marks were visible on the submarine or the few artifacts brought to the surface. No historian, expert, or government had a clue as to which U-boat the men had found. In fact, the official records all agreed that there simply could not be a sunken U-boat and crew at that location. Over the next six years, an elite team of divers embarked on a quest to solve the mystery. Some of them would not live to see its end. Chatterton and Kohler, at first bitter rivals, would be drawn into a friendship that deepened to an almost mystical sense of brotherhood with each other and with the drowned U-boat sailors “former enemies of their country. As the men’s marriages frayed under the pressure of a shared obsession, their dives grew more daring, and each realized that he was hunting more than the identities of a lost U-boat and its nameless crew. Author Robert Kurson’s account of this quest is at once thrilling and emotionally complex, and it is written with a vivid sense of what divers actually experience when they meet the dangers of the ocean’s underworld. The story of Shadow Divers often seems too amazing to be true, but it all happened, two hundred thirty feet down, in the deep blue sea.BONUS: This edition includes an excerpt from Robert Kurson’s Pirate Hunters.

This retelling of true events is as good and as close as you can get to the excitement of made up fiction. Admittedly the author, Robert Kurson, had good material with which to work, but a writer of lesser talent could have easily botched this little gem of an opportunity. As it is, Kurson’s ability to grab the reader and maintain his/her full attention throughout a story that spans more than six years, is a testament to his writing prowess.

Kurson puts us in the center of the action as we learn about the discovery of a mysterious submarine shipwreck--not one of ours--just 60 miles east of Pt. Pleasant, NJ. In nautical terms this is literally in our backyard. Resting on the bottom of the ocean at 233 feet, it is a depth that is tantalizingly close, yet dangerously deep and accessible to all but a few of the most experienced deep diving specialists.

Central to the story are the truly larger than life main characters: hard drinking rough hewn John Nagle, Captain of the dive-boat and world renowned wreck diving legend; two peas in opposing pods, John Chatterton and Richie Kohler, wreck diving enthusiasts who idolize Nagle and only hope to share in some of the excitement that he has experienced in the past; and a rather odd assortment of other players who come and go at different times. Along the way we witness relationships destroyed, marriages ruined, jobs forfeited, sanity questioned, and even lives tragically lost, all in the single minded pursuit to solve a seemingly unsolvable puzzle.

Kurson pulls it all together nicely, and without revealing the end, I will just say that this book is a richly rewarding experience for the reader. Good books like this leave me wanting to know so much more about the characters, sort of “where are they now?"
