**Customer Reviews**

My mom loved this book! She likes doing a word search or two every night, so this was the perfect gift for her. It will be a while before she gets through all the puzzles, but she’s not complaining!

BUYER BEWARE!!!! Puzzles have vulgar and inappropriate words including the 'f' word. I bought
this puzzle book for my elderly (devoutly Christian) mother-in-law. She ignored the first few vulgar/inappropriate words until puzzle #37 which contained the 'f' word. She apologized profusely because I spent my money on a puzzle book for her but she was too offended to continue working on the book. I reported this to with a request to either put a warning on the ad or quit selling the book but they haven’t done either. What if you bought this for your child(ren)?

The book is something I never seen before I love it

Lots of puzzles. Enjoy book very much

It is just ok I noticed a lot of the puzzles are really easy to do and that this book is definitely not meant for children as there are some inappropriate words but it is ok for my purposes of entertainment would have liked to see more challenging puzzles though

decent puzzle, but missing 449 puzzles, goes from puzzle # 402 to puzzle 851! no kidding, skips from page 204 to 428. not exactly the 1000 puzzles they claim! on the bright side the solutions for the missing puzzles ARE included! buyer beware

the words in the body of the puzzle are in lower case which needs the help of a magnifier

Just was I was looking for as a gift for my sister. She loves things like this!!!
