The Export Control And Embargo Handbook

Synopsis

The Export Control and Embargo Handbook, Third Edition is a comprehensive examination of export administration regulations. While most currently available titles covering export control and embargo law carry a broader international focus, U.S. regulations are the central topic of this book. The Export Control and Embargo Handbook provides the very latest information on the embargo, transaction, and currency controls administered by the Commerce, State, Energy, and Treasury Departments, as well as the Nuclear Regulatory Commission. This fully updated third edition is useful for individuals involved in issues surrounding both the exporting from the U.S. and re-exporting U.S.-origin goods and technology, as well as for transactions involving embargoed countries and their products. Offering a detailed analysis of licensing requirements and exceptions from a well-known expert in the field, the book also provides convenient access to the relevant excerpts from the Export Administration Regulations (EAR) and the International Traffic in Arms Regulations (ITAR). Blending information with practical application, Eric L. Hirschorn's in-depth analysis of the key U.S. export restrictions on 'dual use' goods, software and technology, defense articles, technology and services, and nuclear equipment and technology, along with the rules governing dealings with embargoed countries, make this an invaluable asset for legal practitioners in the export industry. Any lawyer or government official involved in embargo issues can easily access necessary information using the detailed Table of Contents and thorough index. Law students preparing for a career in trade law will also benefit from the book's accessible style.

Book Information

Hardcover: 502 pages

Publisher: Oxford University Press, USA; 3 edition (March 18, 2010)

Language: English

ISBN-10: 0195391519

ASIN: B006W465F2

Product Dimensions: 10.1 x 1.2 x 7.2 inches

Shipping Weight: 2.2 pounds

Average Customer Review: 1.5 out of 5 stars [See all reviews](#) (2 customer reviews)

Best Sellers Rank: #4,876,060 in Books (See Top 100 in Books) #61 in [Books > Law > Business > Regulation](#) #1164 in [Books > Textbooks > Law > Tax Law](#) #1401 in [Books > Law > Business > Commercial](#)

Customer Reviews

This book was nothing more than copying Code of Federal Regulation. It was time and money waste. I don't understand why and how this kind of book can be published.
