Customer Reviews

Barbara Saffer's ABC Science Riddles is a truly wondrous alphabet book has children figure out words that correspond to each letter of the alphabet, given clues written in rhyme, drawn in vibrant color, and shown in blank spaces for the missing letters of each word. The answers are on the last page for slow guessers! An "Ideas for Parents and Teachers" page at the end offers suggestions to help children learn language and riddles. Brightly illustrated throughout by Jennifer Johnson Haywood, ABC Science Riddles is a highly recommended, fun and educational book which is enhanced with a page of "Ideas for Parents and Teachers" making it ideal for home schoolers as well as classroom curriculum supplementation!
