The book said that it was in better than good condition but the binding is coming off. Not a big deal nothing a little glue can't fix. I was actually looking for the 16th edition and I don't remember reading that this was a 15th edition. My instructor said it was fine and was amazed that nobody else went with the cheaper, older version. I should of went with a book that had a picture so I would of known it was a different edition from the beginning and not been surprised. The pages are good and the book is otherwise intact. Not bad for the price. Way better than \$300 +

I purchased this book for business law (obviously). It is a great textbook. I highly recommend this

course book for your education.

Excellent book, I'd recommend it to anyone looking to expand their knowledge in the area of Business law. It was worth the investment.

The book that I needed was what I got at a much cheaper price than I could've bought at a book store

Poor quality. It said "Good Quality" but the hard cover was detached from the pages!

It was exactly as described, it was newer then I thought it would be. I got it in a week.

It has some mark on it and the cover is falling when I got it.

Bought this book for class. Great cases and learned a lot!
